

HALBGRÜN

HALBGRÜN

(2025)

(currently in post production)

Two people find themselves trapped
in a green valley. Hugo and Thea awake shortly after each other in the
same spot in a field.

They don't know why they are here and every time
they try to leave the valley, they are thrown back into it.

They try to
figure out what this surreal place is or if they are already dead.

They
drive each other crazy and the only thing, they seem to have in common
is their grief for loved ones.

Both are stuck in their feelings like in
this valley, where there is no more running away from their loss.

And
the more they manage to open up to each other, the wider the invisible
border is getting.
